PBIS stands for Positive Behavior Support. It is a program designed to teach respect, responsibility, and safety at school. We at LMS hope to encourage students to continuously make good behavior choices by implementing this program.

PBIS provides teachers and other school staff with information to prevent behavior problems and support ongoing efforts to maintain a safe learning environment.

Research shows that the use of PBIS in schools has resulted in increased time for instruction. In addition, it increases positive behaviors school-wide, therefore decreasing disruptive behaviors.

**What Can Parents Do?**

- Parents can help by reading and discussing the Behavior Expectations Matrix found in the student agenda on a regular basis.

- If your child experiences behavior problems in school, review with them the Behavior Expectations Matrix.

- Work on a plan to assist your child with strategies for appropriate behaviors.

- Support teacher and administrative behavior decisions. Discuss problems privately with staff.

- Volunteer to be a parent member of the LMS PBIS team.

- Chaperone PBIS sponsored events.

**How the Program Works**

- All students and staff are taught the school-wide expectations and they receive regular and frequent opportunities to practice them and be acknowledged when they use them.

- Contact that students have with adults in the building focuses on positive reinforcement as opposed to negative reinforcement. It is our goal to provide students with positive interactions using a reward system.

- Staff uses data to make decisions regarding school behavior expectations.

- A PBIS school provides consistent rewards and interventions for all students.
This year, as part of our College and Career Readiness Goals, the sixth and seventh grade students will have an opportunity to step foot on a college campus to explore a variety of career interests.

Engage@EMU is a student-centered camp that allows our kids to explore, experience, and have fun while learning about a career plan of their choosing.

Students will select a “camp” they wish to attend during their 3-day EMU experience. Possible career classes include: Aviation, Computer: Digital Inclusion (building computers), Photography, Nursing, Drones, Theater and more....

7th Grade Camp – May 5-7
6th Grade Camp – May 13-15

Engage@EMU is a day camp. Students will be transported to EMU each day and returned to school in time to ride the bus home.

Approximate Cost is $120.00 per student. We are working hard to reduce this cost by holding fundraisers that will support the greater good (reduce cost for all students)
- Aubree’s Dine to Donate nights (through Oct)
- Snap Raise (similar to GoFundMe) Information will come out later as an exact date is not set
- Reaching out to local businesses for support
- Additionally, EMU is looking into grants to help support our students

A final cost per student will come out after January 2020. At that time parents will have the option of paying in installments or paying in full.

There will be an informational meeting Wednesday Sept. 25th at 5:30 in the Middle School Media Center. I look forward to seeing you.
