Mr. Bones is welcoming all students and teachers/staff, who are interested in exploring the planet Earth by watching the National Geographic series **"One Strange Rock"**. It is hosted by Will Smith and features the only people who left the Earth behind astronauts.

We will experience a tour around the globe and into space, revealing the forces that make our planet function and allow to thrive.

For 10 weeks, we will meet after school from 2:45 to 4:00 every Tuesday, beginning September 25 and ending December 4 (11th week pizza party), in Mr. Bones' classroom #705 (Green Hall). After each episode, there will be an opportunity for open discussion.
