### What is a consent agenda?

A consent agenda groups the routine, procedural, informational, and self-explanatory non-controversial items typically found in an agenda. These items are then presented to the board in a single motion for an up or down vote after allowing anyone to request that a specific item be moved to the full agenda for individual attention. Other items, particularly those requiring strategic thought, decision making or action, are handled as usual.

**Why would an organization want to use a consent agenda?** Consent agendas are popular with many organizations because they help streamline meetings and allow the focus to be on substantive issues.

### What does it mean if we adopt a consent agenda?

- Documentation for consent items must be provided to the board prior to meetings so that directors feel confident that their vote reflects attention to their duty of care.
- Board members are encouraged to ask prior to the meeting all the questions that they want related to consent agenda items. • If it is determined that an item on the consent portion of the agenda actually requires action or a decision that item should be removed from the consent portion of the agenda and raised later in the meeting.
- Any board member can request that an item be moved to the full agenda.
- A vote on the single motion applies to all the items on the consent portion of the agenda.
