YOU’RE INVITED

You’re invited to be a part of the AWE-SOME group of parents that help support OUR students and staff at Brick! Please come to a meeting and share your voice, your ideas, your questions, and your experiences with us! We would love to have your input on upcoming fundraisers and future events.

Brick PTO is looking for Core Officers this year, PLEASE contact Kari Branham is interested!

Family Movie Over Break

Thursay, Dec. 27th
2:00 p.m.
Brick Auditorium

A HUGE Thank You to Kiwanis Club of Ypsilanti for donating new dictionaries to every student in the 3rd Grade! We will put them to good use!
Unfortunately, the Campbell Labels program is discontinued.

However, BOX TOPS is continuing! So, please keep bringing them in to Brick! Thank you so much.

Friendship Feast and our 1st Grade Thanksgiving Poetry

Brick loves to celebrate the wonderful friendships that develop throughout the school year. This holiday season is no different! We learned about Turkeys and shared food together!

The Friends

By, Adali Thomas

Once upon a time there were two people that were named Aurora and Adali. Adali was sweet, nice and super cute. Aurora was a very good girl. She wore happy clothes and sweet faces to school. Aurora was very nice. She was nice to Adali mostly. She had fun with her, was funny to her, and best of all she called her good friendly names.

On one day, they had a test. Adali was excited because she thought she would get all the answers. Aurora said, “Oh you’ll get all the answers”. Adali said, “I’m sure you will too. Good luck!” The test began. Aurora got stuck on a question. She asked Adali if she could help her but Adali said, “I’m sorry, I can’t help because it is a test. Just try your best.” She Aurora tried her best AND she got the question right!!! They both got a piece of gum at the end of the test.

THE END!
Brick Family Math Night

Thank you to the Brick families that were able to participate in our Math Night! We used math concepts like binary coding, counting, grouping, patterns, 3-D shapes...ALL while making ornaments!! It was a Brick-tastic night, full of memory making and cookie decorating:

Thank you Brick families for learning with us!

We make such a GREAT team!

Crafty Person Needed

Brick would like to have a “Free Little Library” placed outside near the bench. However, we are in need of a crafty volunteer willing to make the library:) If you are interested please contact us!!

K-Kids Giving Trees

The Kiwanis service club K-Kids has started the community project of scarf and glove trees here at Brick Elementary! If you have a scarf feel free to donate it...if you need a scarf, feel free to take a scarf!

Thanks for keeping us warm K-Kids!!

Meet the Principal

Monday, Dec. 17th
8:30-9:30 Brick Media Center

You are invited to join us in welcoming and getting to know our new Brick principal Mrs. Paula Robinette! We will have light refreshments and awesome conversations about Brick and Mrs. Robinette would LOVE to hear from you!

Brick Student Council 2018-2019

For the month of December, Brick Student Council has been busy volunteering at Brick and in our community! We volunteered at the Brick Santa Shop and we wrote letters to military and other local families that are not able to leave their houses this holiday season.

Community service is very important to us!
Be sure to Like the Brick Elementary PTO page for updates about PTO and school news.

---

**Mystery Teacher By, Aurora Gannon**

Where were you born? Georgia
How long have you been a teacher? 18 Years
What is your favorite subject to teach? Math
What are your hobbies: Reading and dancing
Two interesting facts about you?
1. I like the harmonica.
2. I was born in a bubble.
GOOD LUCK GUESSING!!
November Mystery Teacher was Mrs. Coker:)

---

**Events Happening at Brick by, Mikayla Brock**

I interviewed Mrs. Ryburg, our Technology teacher to find out more about her Robotics after school class. This is what I found out:

It is a STEM program for all Elementary students that signed up for the after school class. She started planning on August for this class and they meet every Monday after school. The class is called Mission Moon and they are learning to build and code with Legos.

---

**Michigan Theatre**

“Rosie the Engineer and Friends”

Thank you to the Michigan Theatre for having us visit to watch the wonderful live performance of Rosie Revere the Engineer!

The 3rd graders enjoyed the trip and learned a lot about the engineering process.

---

**Owls**

Mrs. Curtis’s Young 5 classroom won a grant through the Metro Park system which allowed for the Huron-Clinton Metroparks to teach us all about Owls!!!

We got to hold feathers, touch owl talons and so much more!

Congrats Mrs. Curtis and thank you to our local Metroparks system!
