Thank you LCS Board Members

Brick would like to take a moment to thank our School Board members for their countless hours of hard work and dedication to our students and the district!

Thank you

Yoline Williams  Jennifer Czachorski  Jennifer LaBombarde
Thomas Rollins  Connie Newlon  Allison Sparks
Laura Van Zomeren

For ALL that you do for our District!!

You’re invited to be a part of the AWE-SOME group of parents that help support OUR students and staff at Brick!
Please come to a meeting and share your voice, your ideas, your questions, and your experiences with us! We would love to have your input on upcoming fundraisers and future events.
Brick PTO is looking for Core Officers this year, PLEASE contact Kari Branham is interested!

A Million Minute of Reading Challenge

All Brick students, staff, parents and other family members are challenges to log as many reading minutes as they can in 2019! Read alone, together, listen to stories or visit a reading website like Razkids.

Together we KNOW we can meet this challenge because we make such a great team!

Brick PTO Santa Shop

Thank you to all our volunteers and students that helped make this years Santa Shop run smoothly!

Events like this would not be possible without your love and dedication!
We appreciate you!

Thank you LCS Board Members

Don’t forget to sign up for Brick Kroger Rewards, where Brick makes money on all the purchases you make! :)

We appreciate you!
Unfortunately, the Campbell Labels program is discontinued.

However, BOX TOPS is continuing! So, please keep bringing them in to Brick! Thank you so much.

Holiday Around the World
2nd Grade

Brick lower grades explored several different countries to see how they spend their holiday season.

Through STEM, art and literature students were able to see the differences and similarities with the traditions here in America and within their own family.

We love to celebrate our diversity at Brick!

Once upon a time there lived a beautiful seal. She always dreamed of being in the circus. Her parents said she could not be in the circus because they lived far in the North Pole. With lots of hard work and determination she decided to try to make it to the circus. It was a long journey but she proved her parents wrong and was off to the circus. She arrived and spent 15 years in the circus. She loved it!
Brick 5th graders design and created carnival games using the STEM engineering process.

Once they had their carnival games completed, classrooms and parents came into to play them.

Crafty Person Needed
Brick would like to have a “Free Little Library” placed outside near the bench. However, we are in need of a crafty volunteer willing to make the library:) If you are interested please contact us!!

Brick Visits Lincoln Seniors
Brick 1st graders had so much fun creating holiday gifts for our Senior Center. They also surprised them with a short concert :)

Brick and Make a Wish Foundation
Brick partnered with our local BW3 and the Make-A-Wish Foundation to make raise money to grant wishes to Michigan children in December!
Healthy Habits

A healthy mind and body is very important in education! Students at Brick have the opportunity to participate in the Healthy Habits Program. Here they learn how to take care of the bodies so they can learn and grow into strong productive citizens.

PLUS they have fun trying new foods and talking about topics that are important to them.

Mystery Teacher

By, Stevie Mezo

Where were you born?
Dearborn, Michigan

How long have you been a teacher?
22 Years

What is your favorite subject to teach?
Math

What are your hobbies:
Softball, bowling and camping

Two interesting facts about you?
1. I have 2 brothers and 1 sister.

GOOD LUCK GUESSING!!

December Mystery Teacher was Ms. Murphy:;)

Reindeer Boot Camp and Gingerbread Houses

Brick students learned about reindeer by participating in a Boot Camp that taught them everything a reindeer needs to know to deliver presents:

Our Young 5s made their own gingerbread houses!

Book Review

By, Adali Thomas

I read the book called, Uncle Scrooge and the Seven Cities of Gold. I liked this book because in one of the Uncle Scrooge stories, he goes to a coffee shop and he doesn’t like the price, so he tries to convince the owner to lower the price. Then he goes outside and gets his own coffee cup. When he comes back, he says to the owner, “Here y’are cookie! My three cents a cup. Fill’er half full!” Then the owner smacks his own face in frustration.
