Message from the Superintendent

Hello, Lincoln Consolidated Schools community members! My name is Ellen Bonter and I am the new Superintendent of LCS. My husband, Jim, and I are very happy to have found all of you and to make this our home. The weeks of July and August have been a whirlwind of new people, new places, and new activities. I am eager to start the 2011-2012 school year and hope that you will join me in a sense of excitement over new beginnings.

The bond project is a new beginning for our facilities. Construction at our school complex is progressing at full speed. Imagine renovating a million dollar home every week for thirty-five weeks, and you can begin to feel the scope, pace, and complexity of this project. In spite of some set-backs, like the sprinkler-fitters union going on strike and the factory which was making nearly all of our doors exploding, we are on time and on budget. The expertise of the construction team assembled here is outstanding, and our own LCS staff consistently amazes me with their attention to detail and can-do attitude.

Staff changes will mark the start of new ways of serving our school community. I am happy to announce the appointment of Ms. Mandy Stewart as the new Principal of Lincoln Middle School. Ms. Stewart comes to the middle school from her position as an Assistant Principal at Lincoln High School. Before that she was a Small Learning Community Coordinator and secondary teacher at Van Dyke Public Schools in Warren, Michigan. With this promotion, a spot was left open which will be filled for the 2011-12 school year by Ms. Nicole Holden. Ms. Holden has been a teacher at Lincoln for the past 10 years, and most recently served as an at-risk intervention specialist. Also appointed for the 2011-12 school year is Ms. Genevieve Bertos to the position of Assistant Principal at Lincoln Middle School. Ms. Bertos has taught at Lincoln since 1997 and has served as the Science Department Chairperson for the past three years. I am looking forward to these veteran educators taking on new leadership roles and continuing the great work at LCS.

Lincoln Consolidated Schools has had a history of “firsts” and new beginnings. Local historians have chronicled our past from the dream in 1922 of consolidating the original thirteen one-room schools, our foundation as a laboratory school for what would become Eastern Michigan University, the naming of our school, the fire that destroyed the interior of the original building, to the re-dedication of the new school in 1927. Each of these events called upon the wisdom and tenacity, the spirit of determination and of working together, that seems to be the hallmark of our success. Dorothy Hitchingham Smith, (“Footsteps from the Past,” 1975) wrote about the first days of late October and early November in 1924:

When Lincoln started the building wasn’t finished. The floors in the halls weren’t in. The children had to walk on long, wide boards. There was no lunch room.

Our start for the 2011-2012 school year should be much better than those days in 1924. However, if it is not, I am confident that the people of Lincoln Consolidated Schools will weather any challenge that these new beginnings bring. We will protect and nurture our students, extending their first days of school excitement and eagerness to learn, as we continue to grow this premier learning community.

Thank you for your dedication to the children of Lincoln Consolidated Schools.

Ellen Bonter, Superintendent

**FRESHMEN ORIENTATION LINK CREW**

**August 30th - 8:00 a.m. to Noon**

Lincoln High School participates in the nationwide Link Crew Program, an organization whose sole purpose is to help freshmen feel more comfortable, as well as help them achieve success in their first year of high school. The Link-In Crew freshman orientation and transition program is designed to both welcome and support freshmen by assigning them a junior or senior Link-In Leader as a mentor during this first year. This Link-In Leader is a responsible older student who was hand-selected from a large pool of applicants and has met the qualifications of being a good role model and a positive leader on our campus. Following is some information to let you know what you and your student can expect in advance of their first day of school.

1. Your student can expect to receive a reminder invitation to Freshman Orientation Day in the mail. If he or she has not received the invitation by August 23, 2011, please call the main office at 734-484-7004 and request one.

2. A day or two before orientation your student will receive a phone call from her or his Link-In Crew Leader personally inviting your student to orientation day and giving the details of where to be and what time.

3. Your student is encouraged not to bring backpacks, purses, or other items, as the day is quite active.

4. Because the day is active, please make sure your student wears comfortable clothing that does not restrict movement.

This is a student-only function, so we encourage you to let your child attend on her or his own. Please feel free, however, to return at noon and walk through registration with your student. During registration from 12:00 p.m. – 4:00 p.m., pictures will be taken and paperwork will be turned in.

The Link-In Crew Coordinators

- In a shelter, motel, vehicle, or campground
- On the street
- In an abandoned building, trailer, or other inadequate accommodations, or
- Doubled up with friends or relatives because you cannot find or afford housing

you need to know that preschool-aged and school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act.

You have the right to:

- Go to school, no matter where you live or how long you have lived there. You must be given access to the same public education provided to other students.
- Continue in the school you attended before you became homeless or the school you last attended, if that is your choice and is feasible.
- Receive transportation to the school you attended before you became homeless or the school you last attended, if you request such transportation.
- Enroll in school without giving a permanent address. Schools cannot require proof of residency that might prevent or delay school enrollment.
- Enroll and attend classes while the school arranges for the transfer of school and immunization records or any other documents required for enrollment.
- Enroll and attend classes in the school of your choice even while the school and you seek to resolve a dispute over enrollment.
- Receive the same special programs and services, if needed, as provided to all other students served in these programs.
- Receive transportation to school and to school programs.

When you move, you should do the following:

- Contact the school district’s local liaison for homeless education at 734-484-7095 for help in enrolling your child in a new school or arranging for your child to continue in his or her former school. (Or, someone at a shelter, social services office, or the school can direct you to the person you need to contact.)
- Contact the school and provide any information you think will assist the teachers in helping your child adjust to new circumstances.
- Ask the local liaison for homeless education, the shelter provider, or a social worker for assistance with clothing and supplies, if needed.

Starting September 1, 2011 all staff e-mails will have a new extension -- LincolnK12.org. You will still be able to contact them through their old address until the migration is complete. Look for updated e-mail lists online and from your child’s building.

The Early Childhood Center also includes classrooms for Great Start Readiness Program (pending state funding), Early Childhood Developmentally Delayed, and Lincoln’s Early On Program. The goal of the center is to establish a primary prevention community available to all families living in the Lincoln community. Through strong parental involvement, the Early Childhood Center is an avenue promoting the improved social, cognitive, and physical growth of young children in our community.

WASHTENAW INTERNATIONAL HIGH SCHOOL

Washtenaw International High School is a free, public, consortium high school for students in participating Washtenaw County school districts including Lincoln Consolidated Schools. It will open in the fall of 2011 to its first group of ninth grade students.

The school will provide a challenging, student-centered, inquiry-based sequence of courses with an emphasis on international understanding, cultural identity and the taking of multiple perspectives. It will be a program that emphasizes rigorous academic standards in disciplinary and interdisciplinary knowledge.

The school has been designed to meet all International Baccalaureate requirements for teacher training, course design and assessment frameworks. We began the process of authorization for the International Baccalaureate Diploma Program in the spring of 2011.

EARLY COLLEGE ALLIANCE

The Early College Alliance (ECA) is a unique educational program designed to fully immerse high school-aged students into the post-secondary learning environment. ECA is a public, early/middle college program located on the campus of Eastern Michigan University. It exists in partnership with local school districts, including Lincoln Consolidated Schools.

ECA is an excellent fit for you if you’ll be a tenth or eleventh grade student and are advanced, struggling or unsure if post-secondary education is the right option for you. ECA allows you to accelerate through the program based on skill acquisition, not credit accumulation, and is designed to meet your learning needs.

PROJECT LEAD THE WAY

The PLTW Engineering and Biomedical Sciences programs offer students an array of advantages, from career readiness and hands-on experience to college preparatory–level classes, labs, and creative exercises. Our programs are designed to appeal to all students, from those already interested in STEM-related fields, to those whose experience in the sciences and math has been less comprehensive or who find themselves uninterested in traditional STEM curricula. PLTW classes are hands-on, based in real-world experience, and fun for students. We set the highest standards for rigorous, focused, and engaging study, developing students’ innovative, collaborative, cooperative, and problem-solving skills.

LINCOLN MULTI-AGE

The mission of Lincoln Multi-Age is to provide each of our students with a continually progressing education in a multi-age community of learners. This program, based on best practice, is designed to facilitate the needs of all students.

LMA is organized into three houses: The Lower House is composed of grades K-1; the Middle House is composed of grades 2-3; and the Upper House is composed of grades 4-5. This lets teachers work in teams to provide for learning in each house.

As part of our model, we are using the Unified Systems approach to delivering special education services. This is a full inclusion model. Students benefit from receiving instruction in the regular classroom.

Students at Lincoln Consolidated Schools have a number of different programming choices available.
LOWDEN SCHOOLHOUSE ANNUAL PUMPKIN SALE

The Annual Lowden Schoolhouse Pumpkin Sale will be held on Saturday, October 15th from 10:00 a.m. - 2:00 p.m. The schoolhouse is located next to Model Elementary on Whittaker Road. There will be pumpkins, cider, doughnuts, and perhaps even a raffle. The schoolhouse will be open for visitors and we would enjoy having you stop by.

Lowden Schoolhouse is one of the original one-room schools that consolidated in 1924 to form the Lincoln Consolidated School District. Lowden Schoolhouse is an independent non-profit corporation. All funds raised during the pumpkin sale are used for maintenance on the building, as well as a scholarship that is awarded to a Lincoln graduating senior that will be attending Eastern Michigan University.

POW AND MIA SPEAKERS AT LHS

For our final novel this year, Ms. Gonzales’ AP English classes read “Obasan”, a story of a Canadian girl who waited thirty years before discovering why her mother never returned from a visit to Japan in 1941. Students created poetry inspired by the novel, on the themes of loss and separation, silence, darkness, and hope, among others.

Soon after finishing the novel, we were offered the chance to hear speakers from Rolling Thunder of Michigan, a non-profit organization that supports efforts to locate prisoners of war and soldiers missing in action. Right away, connections between “Obasan” and Rolling Thunder became clear: both strive to educate the world about the pain of those who have lost loved ones as a result of war; both work to help uncover the truth and solve mysteries; both assist in the healing process.

One of the most upsetting facts presented was that there are American veterans of the Vietnam and Korean Wars still working in the fields of Asia today, so long after they should have been returned to us. Though there are many soldiers from previous wars about whom we still know nothing, the good news is that there are so few lost without a trace anymore. And, because of the speakers from Rolling Thunder, today’s teenagers—tomorrow’s soldiers and parents—are not left in the dark about the cause.

GREETINGS FROM THE LHS BAND!

The band has turned over a new leaf this summer with the incoming freshmen. We had our first performance of the year at the 82nd Ypsilanti Fourth of July Parade. The band represented the school and community very well, marching down Michigan Avenue to a very enthusiastic crowd. The band was well received and it was wonderful seeing many community members along the street. Our next feat is band camp, where 140+ members and staff for each section will work hard (along with some fun!) at Sauk Valley Resort. During the camp and the several rehearsals in August, we will prepare for our first home football game on August 26th and the Heritage Festival Parade on August 20th. Check out our website www.splitterband.com for dates when you can watch the marching Railsplitters perform!

USING SKYPE ACROSS THE ATLANTIC

French students in Madame Horn’s classes used Skype to communicate with French students overseas. In spite of the six hour time gap between France and Michigan, M. Patrick Cunial from Saint-Joseph Middle School in Pantin, near Paris, and Ms. Isabelle Horn, set up a day where students from both countries got the opportunity to meet each other, live. The exchange opened up a real interest to continue in the upcoming year. Thanks to M. Kipp who made sure that the technical side of the experience worked properly and smoothly.
In May, 2010 the Lincoln community passed a $35 million construction and technology bond. A lot of activity has been going on over the summer months. When students return in September, they will find many changes to their school buildings and classrooms.

**Technology**

District-wide the technology infrastructure has been upgraded to improve the viability of the computer network and all areas of the campus now have wireless internet access. The phones were also upgraded to VoIP (voice over Internet phones), which will now run over the district’s internet lines. We’ve added new computers in all the district computer labs. By the end of next summer, student and staff computers will be upgraded district-wide.

We have also laid the foundation for more technology upgrades during the school year, with cabling and wiring being placed for mounted projectors in nearly every classroom in the district. The projectors are scheduled to be deployed for second semester (January 2011) as part of the classroom presentation systems, which will include sound enhancement, document cameras, and Interactive whiteboards.

NEW SOCIAL STUDIES PROGRAM COMES TO LINCOLN MIDDLE SCHOOL

After a year of development and piloting programs, the Lincoln Board of Education approved new social studies curriculum and the purchase of new social studies programming for Lincoln Middle School. The new programming is called “History Alive”, and it was developed by the Teacher’s Curriculum Institute (TCI). The teachers brought this program forward after piloting this and two other programs throughout the 2010-2011 school year. After much debate, the committee felt this program was the best, and that it incorporates many new, innovative strategies to actively utilize the new technology that will be going into the classrooms this school year.

TCI’s “History Alive” programs are designed to transform social studies classes into multi-faceted learning experiences. “History Alive” lessons start with a big idea, or essential question, and they incorporate graphic note-taking, group work, and step-by-step discovery. Students are the center of instruction that taps a variety of learning styles, allowing students of all abilities to learn and succeed. In short, students are immersed in history rather than just read about it.

This is the first true inquiry-based program to appear on the market, and the “History Alive” program is used in many school districts today. The beauty of this program is that its lessons are differentiated for students, and they incorporate many of the new technologies available in schools today. Many programs do not have this benefit. Additionally, many of the unique online activities, lessons, and even the interactive textbook, will be available to students through the Internet at home.

We are very pleased that the Board of Education approved this program, and we believe the students at Lincoln Middle School will love the new way of learning in their social studies classes. The elementary social studies committee will be piloting the elementary component from TCI, Social Studies Alive, during the 2011-2012 school year. We are confident that the piloting teachers will love this program as well.

INTEGRATED PEST MANAGEMENT PROGRAM

Lincoln Consolidated Schools practices an integrated pest management program. As part of an effective, environmentally sensitive pest management program, school district buildings and grounds may be treated periodically with chemicals to aid in the control of pests or weed growth. In accordance with regulation 637 of the Michigan Pesticide Control Act, notice will be posted at the entrance of the facility. Parents may choose to be notified by mail, to be postmarked 3 days before the treatment. Return the form below to be notified prior to a treatment of the affected building or grounds. Pesticides may be applied in an emergency situation without prior notification. For further information on this subject, contact the Facilities Department at 484-7037.

Free & Reduced Lunch

Free and reduced-price meals are available to qualified families. Eligibility is based on family income and size. If you think you may qualify, please fill out **one application per family**, and return to any school office or mail to Lincoln Consolidated Schools, 8970 Whittaker Road, Ypsilanti, MI 48197. Applications are also available on our website at www.lincolnK12.org, under the Food Service tab. Applications will be accepted at any school building, but please mark **Business Office** on the envelope to ensure prompt delivery.

If you attended Lincoln Schools and received free or reduced-price benefits last year, you will begin the new school year on the same status. **However, a new application must be submitted and processed by September 30, 2011 in order for meal benefits to continue for the 2011-2012 school year.** If you received benefits at another school district, you will not be eligible for free or reduced meals at Lincoln Schools until an application has been processed and approved. You may apply for free and reduced-priced meals at any time during the school year. If you are not eligible now but have a later change such as a decrease in household income or an increase in household size, you may complete an application at that time.

New applications must be completed every school year.

What is a regular lunch meal??

A regular lunch meal is the meal at the regular meal price or can qualify for the free or reduced meal price. It consists of an entree item (including bread and protein), a fruit, a vegetable, and milk. Students must take three of these items for the meal to qualify as a “regular meal.” If they take less than three components or more than the five, they will be charged the a la carte price for each item.

At the secondary level French fries, chips, slush, cookies, bottled drinks, etc... are NOT included in the regular lunch meal. These are strictly available for purchase separately.

Online Lunch Accounts

Parents may make online credit card deposits to student food service accounts using our secure food service software. Please note that there is a $2.00 fee per transaction to cover processing costs. One deposit may be split among more than one family member without incurring an additional $2.00 fee. Visa, MasterCard, and Discover cards are accepted.

A parent user name and password are needed to review your student’s account and to process a credit card deposit. To request a login and password please e-mail Jim Wonnell at wonnellj@gw.lincoln.k12.mi.us Include student name(s), parent name(s), and home address. Please allow approximately 48 hours for a reply. Your user name and password carries over to the current school year and it will continue to give you access to your child’s lunch account.

***Lincoln Consolidated Schools DOES NOT PROVIDE accident insurance for student athletes. All students who participate in athletics MUST PROVIDE PROOF of insurance on their athletic physical form. There are inherent risks associated with participation in athletic programs. We encourage all families to have adequate insurance coverage for their children. Parents and their insurance company must pay for any medical bills incurred for injuries sustained at school, school-sponsored events, athletic practices or events, or on school property.

As a service to students and their families, the District is making available a student accident insurance plan for your child at a very nominal cost. Brochures are available in the Lincoln Athletic Office.

LINCOLN ATHLETICS: Frequently Asked Questions

Q: What must be turned in BEFORE participation in an athletic program?
A: Student/parent must have submitted to Athletic Office PRIOR TO TRYOUTS:
   • Completed Athletic Physical form (must complete MHSAA form, which is available online at www.lincolnK12.org or in the Lincoln Athletic Office).

A: Student/parent must have submitted to Athletic Office PRIOR TO 1ST CONTEST:
   • $140 High School or $100 Middle School athletic participation fee (payable to “Lincoln Athletics”). Fee can be paid online (www.lincolnK12.org) or in Lincoln Athletic Office.

Q: My child got a physical to play sports last year, and that physical was given in February of this year. Does that physical still provide coverage?
A: No, that physical will not work. The MHSAA requires that each student-athlete undergo a physical on or after April 15th of the previous school year. In order to participate in athletics during the 2011-2012 school year, your child must have undergone a physical on or after April 15, 2011.

Q: Is there a participation fee for Lincoln athletics?
A: Yes, the district has implemented a “pay-to-participate” program. The yearly cost will be $140 per high school student and $100 per middle school student, allowing the student to participate in as many sports as they choose during that school year. If the family has more than two students participating, the 3rd student (4th, 5th, etc.) is half price.

Q: Can the participation fee be waived if I am on free/reduced lunch?
A: If a student is on free/reduced lunch, his/her participation fee will be half of the original fee ($70 – HS/$50 – MS) once verification is received from the district. Parents can also volunteer to work athletic events to pay off any fees owed for their child.

Q: How do I proceed if I have concerns about a coach?
A: Step 1: Start with the source. The student should talk directly with the coach, in private, face to face, away from the practice site or game arena.

Step 2: Parent contacting the source. Contact the coach to talk directly, in private, face to face, away from the practice site or game area.

Step 3: If necessary, talk with the Athletic Director and the person who the difficulty involves.

Appropriate concerns for parents to discuss with coaches:
1. The treatment of your child
2. Ways to help your child improve
3. Concerns about your child’s physical health and welfare, academic progress, or violation of the code of conduct

Areas of control that belong to the coach:
1. Tryout procedures, team placement, team size, and selection criteria
2. Position(s) played, lineups, and playing time
3. Offensive and defensive strategies, play calling, and style of play
4. Practice plans, drills, and scrimmages
5. Coaching staff

Q: What type of commitment is necessary when playing for a high school team?
A: Student-athletes need to be aware that athletics require a commitment to the team. Coaches may allow a student-athlete to participate in another extracurricular activity, but the student-athlete must first consider what the impact will be upon the team. Participation in another activity can result in lost playing time or removal from the team.

POWERSCHOOL IS A TOOL

PowerSchool is only one of the tools available to parents to help you track how your children are doing. Of course we also all know grades are only part of the story when we look to understand how students learn. Real learning takes place as knowledge is applied.

PowerSchool is a software application Lincoln Consolidated Schools uses to track student demographics, schedules, attendance, and grades. High school and middle school teachers use PowerSchool to enter assignment scores and calculate quarterly and semester grades for progress reports and report cards.

The key benefit of PowerSchool to parents and students is its ability to allow you to track progress by viewing assignment scores, grades, and attendance records via the Internet.

For families with more than one student in grades 6-12, a unique username and password are provided on your student’s report card for access to each student’s information. Please keep your unique password confidential so only you can access this information.

To access PowerSchool open your web browser to www.lincolnK12.org and select the PowerSchool button on the right.

Parent/Student Username: Enter your Web ID
Parent/Student Password: Enter your Password

Allow teachers at least one week after an assignment has been turned in to enter the score into PowerSchool. However there may be times when more time is needed to grade large projects.

ATTENDANCE PHONE
(HIGH SCHOOL ONLY)
Call the attendance line 484-7055 to report your child’s excused absence (only for all-day absences)
Welcome to the 2011-2012 school year! Again this year you will be receiving route information from your child’s building, along with their building and teacher assignments. The letters will work in conjunction with this booklet and are the most current routes as of August 8, 2011. All routes and times are subject to change as enrollment changes are received.

NEW TRANSPORTATION PROCEDURE
CHILDCARE ARRANGEMENT FORMS

If you had a Childcare Arrangement Form (Babysitter Form) on file at the end of the school year, your child will be scheduled on that bus route until a new request is made to the Transportation Department. You will need to complete a new form if you have changed childcare providers or are no longer utilizing a sitter. This new procedure is expected to help alleviate many of the route changes that occur at the start of the school year. Childcare Arrangement Forms can be picked up from the Transportation Department or your child’s school office.

For your convenience the transportation hot line is updated twice a day. The line will inform you of any school closings, school delays, road closures, or late buses during the school year.

Transportation Hot Line:
(734) 484-7000 ext. 6041

Finding Your Bus
To find your child’s bus pick-up location, find the section that applies to your student(s) -- Secondary, Elementary, Childs -- and then find the number and address nearest your home. Because many buses may pick up on the same road, please check the list carefully. You will find the approximate pick-up time by the address nearest your home.

Kindergarten Busing
For your child’s safety, a parent/guardian or appointed emergency contact person (must be on the emergency card) must be at the bus stop to pick up your kindergarten student every day.

Childcare Arrangement Forms
Childcare Arrangement Forms are available at the Transportation Department or in your child’s school office. Forms can be completed and/or dropped off at the Transportation Department between the hours of 8:00 a.m. and 4:00 p.m. There could be up to a two (2) week delay in processing the forms at the start of the school year.

Bus Stop Change Request
Requests for a bus stop change can be made on a Concern/Complaint Form available in the Transportation Office. All requests will be researched and you will be notified of the results within thirty days of the request. Please be aware that all requests must meet the criteria for change and are not automatically honored.

Bus Stop Criteria
For more information on Public Act 187, the list of criteria used to establish bus stops, or frequently asked questions and answers, please visit the Michigan Department of Education web site at www.michigan.gov/mde.

PLEASE NOTE
Times are approximate and are subject to change. Please be patient, especially for the first couple of weeks of school. Pick-up times could vary as much as 15 minutes, especially early in the year. Times will improve and changes will be implemented if needed.

LHS Class of 1961
50th Class Reunion

Lincoln High School Class of 1961 celebrates its 50th Class Reunion this September in conjunction with homecoming. LHS class of 1961 graduates live as close as five minutes away from the school and as far as Alaska and have been invited to this milestone reunion. If you graduated in 1961 and did not receive an invitation or know of someone who did not receive one, please contact Judy Towler Hyde by e-mail (jekyll215@yahoo.com) or phone at 248 437-3471 as soon as possible.

The class of 1961 was scheduled to be the first graduating class from the “new high school” and had class rings with an emblem of Abraham Lincoln to commemorate this event. Unfortunately, even though the school was completed on schedule, the bond issue to furnish the building did not pass. Instead, the class of 1961 had the distinction of being the “last” class to graduate from the old high school now known as Brick Elementary.

Festivities will include the Homecoming game on Friday, a banquet on Saturday, and a brunch on Sunday, followed by a tour of the “old” High School.
