MESSAGE FROM THE SUPERINTENDENT

Hello, members of our Lincoln Consolidated Schools community. The end of summer is fast approaching and the staff is preparing for the start of another great school year. There will be many new faces at Lincoln, both staff and students, this fall. The construction projects associated with the bond are on target, with the Performing Arts Center completion anticipated in early September. The PAC will be an extraordinary venue for events. I also continue to be very impressed by our district’s dedication to providing outstanding resources in technology. Those resources open incredible educational opportunities to our students.

My husband and I have had the great pleasure of hosting two of our grandchildren for a short summer visit. As all of you with children realize, the youth in this new generation are totally digital natives and completely connected electronically. These seven and eleven year old visitors taught me things about our television remote and our telephones which I had not known. They had zero fear about these unfamiliar tools and navigated applications so quickly that I needed to ask them to slow down and break the directions down for me in steps.

Of course, while they might know electronics for accessing entertainment, there is much they have to learn about the world in which they are to grow up. They face great challenges in the coming years. They must become wise in their use of technology to access information, communicate with others, and create new knowledge. They must stretch and grow beyond what we currently experience. They must compete on a world stage and rise above average expectations. The adults in their lives will need to form the strong foundation and the systems by which all of the growth will be made possible. I am very pleased and proud to be a part of our school community as we provide such a foundation and system for our children.

Sincerely,

Ellen Bonter
Superintendent of Schools

PARENT Calling System SIGN UP!

Last year Lincoln Schools implemented an automated calling system to improve parent/school communications. With the Edulink Intouch Parent Notification system you quickly and efficiently receive important school information directly to your family via phone, email, or text message.

As part of the fall registration process you will receive a letter with information on how to register your own contact information online. You will be able to set your preferences on how you would like to receive messages from Lincoln Schools.

Future uses of this system include snow day notifications, student attendance, and school events. We are very excited to bring this communication tool to you!
ATTENTION: WILLIS ROAD BRIDGE CLOSED
The Washtenaw Road Commission has officially notified us that the Willis Road bridge will NOT be opened until mid-September. Traffic plans for student drop off/ pick up will be posted on the district website at www.lincolnK12.org.

Student safety is our top priority. We ask that you obey all posted signs until Willis Road is re-opened. Thank you for your cooperation.

NEW CENTRALIZED ENROLLMENT
As of August 12, 2012, we have implemented a centralized enrollment process for grades K-12 to better serve all of our families, both district residents and through school of choice. While previously we centralized much of our enrollment, particularly during the summer, we felt that our entire process should be centralized so that our parents have a “one-stop shopping” experience rather than having to visit multiple locations.

ALL enrollments are now taken at the Business Office located in Brick Elementary (west end offices) at 8970 Whittaker Road, Ypsilanti between 8:00 a.m. and 3:30 p.m. See box for documents you will need to bring with you.

While the process will differ a little in terms of the required paperwork depending on what grade level your student is enrolling in, or whether or not you are a resident or school of choice parent, you will now come to one place to do everything.

You can check online for enrollment forms and more information at www.lincolnK12.org.

STUDENT ENROLLMENT DOCUMENTS
Please bring with you:
• Proof of Residency
• Tax Bill
• Rental Agreement or Receipt
• Mortgage Statement
• Child’s Immunization Record
• Child’s Original Birth Certificate
• Previous Report Card or Transcripts (if available)
• School of Choice Approval Letter (if applicable)
• Individualized Education Plan (IEP) and METS (if applicable)

You can contact the Lincoln Business Office staff at 734-484-7042 or email russell@lincolnK12.org with questions.

NATIONAL CURRICULUM STANDARDS AND NEW TESTING COMING SOON

As you may or may not have read over the last year, the federal government has developed national standards in mathematics and English language arts, literacy in history/social studies, science and technical subjects. Science standards are due for release by December of 2012. Social studies standards have not been released as of yet, but will likely be released within the next year. The purpose of the national standards, which are called the Common Core Standards, is to ensure a national set of standards and expectations that will guarantee all students a high quality education that will prepare them for the workforce and post-secondary options of tomorrow.

While the Common Core Standards were not required to be implemented in each state, the Michigan Department of Education and the State School Board of Education have officially joined forty-three other states in adopting them for implementation. Additionally, Michigan is one of twenty-six states that have joined the Smarter Balanced Assessment Consortium (SBAC) to help develop all new, web-based testing that will replace the MEAP and MME testing the state currently uses. “The work of Smarter Balanced is guided by the belief that a high-quality assessment system can provide information and tools for teachers and schools to improve instruction and help students succeed – regardless of disability, language or subgroup.” (Source: www.smarterbalanced.org). This new adaptive assessment system will begin during the 2014-2015 school year, and is designed to assess students’ college and career readiness at each level. It will also likely move state testing to later in the spring as opposed to the beginning of October and March.

We believe that both the Common Core Standards and the Smarter Balanced Assessment Consortium will significantly change how we think about student achievement, teaching and learning, and how we deliver instruction in our classrooms. We will begin rolling out the new Common Core Standards in mathematics and language arts in August with staff so that we will be ahead of the curve and begin implementation of the new standards in plenty of time for the new assessment system to be implemented. For more information on both the Common Core Standards and the Smarter Balanced Assessment Consortium go to: www.corestandards.org and www.smarterbalanced.org, and look for more information to appear on the curriculum website in the near future.

**SOCK & UNDERWEAR DRIVE AT BRICK/LMA**

At the end of the school year, the Girls on the Run team at Brick/LMA had a sock and underwear drive for homeless shelters. The students, staff, and community members donated over 800 new pairs of socks and underwear!

The inspiration for this community service project came from the non-profit organization called Hannah’s Socks (www.hannahssocks.org).

Library Information Nights are on August 21 and 27 at 7:00 p.m. at the Whittaker Road Library Branch.

**SALUTATIONS FROM THE LHS BAND!**

This year’s Marching Railsplitters have already met several times in preparation for the school year. The students’ first event was the July 4th parade through downtown Ypsilanti where they looked and sounded great! The band also traveled to Sauk Valley Resort in the Irish Hills and participated in their annual band camp. This intensive week includes learning marching fundamentals, music, and drill for the upcoming football season. The week also includes building camaraderie, team building, leadership, and of course some fun. Check them out at the first home football game on September 14th.

The band leadership (Section Leaders, Rank Leaders and Band Council) have also been quite busy preparing for the year’s successes. Many members of the leadership team have participated in seminars featuring Fran Kick. Fran Kick travels around the country speaking to groups providing motivational and leadership tools for young people so that they are able to bring their organization to a new level. The first event was in June at Troy Athens High School and the other was at Western Michigan University. The WMU event was tied into the Drum Corps International show held later that evening, at which our students witnessed a professional marching competition. The new Band Council has been particularly productive planning new strategies to foster an even better culture of merit, service, and camaraderie within the program.

I would also like to recognize the following students that have spent their summer away from the band attending camps to further their talents. Amanda Williamson (Pittsburgh), Lauren Bos (Miami) and Addison Mosser (Houston) attended five-week intensive dance programs throughout the country. These girls are pretty talented dancers and their talent shows on the field. Our Drum Majors, Taylor Jones and Rachel Simonds, attended drum major camp at Michigan State University to build on their skills to lead the band. Percussionists Sam Edwards and Kyle Wilhelm attended a percussion camp sponsored by Yamaha at Alma College where they were challenged on and off the field. Band members Kym Thayer, Aaron Porter, Taylor Jones, Rachel Simonds, Gabriella Guerra, Sam Eby, Sarah Vandenbergen, Steven Hillebrand, Alexis Lee, and Emily Wright attended music camps, mostly Blue Lake Fine Arts Camp, this summer.
LINCOLN ALUMN TRAVELS TO HONDURAS

Michael Vargo (pictured in center), a 2011 graduate of Lincoln High School, traveled to Honduras this past May with the Wayne State University Chapter of the Global Medical Brigades (WSU-GMB). The purpose of the mission trip was to provide medical care to the impoverished people in the community of El Canton. While there, Vargo registered patients, filled prescriptions, and assisted in formulating patient diagnoses including vitals. The WSU-GMB not only provides medical aid but also emotional support to the local people. While there the WSU-GMB also spent a day digging trenches to house water pipes to the community of La Concepcion as part of a Water Brigade pilot. Vargo says it was a very rewarding and life changing event. He was recently been appointed to the GMB Board of Trustees as their treasurer, and anticipates returning to Honduras next year.

BISHOP ELEMENTARY PARENT INFORMATION NIGHTS

Ypsilanti District Library -- Whittaker Road Branch

Bishop Elementary will be hosting a series of Parent Information Nights at the Ypsilanti District Library for families interested in learning more about the HighScope program and the classroom setting options. The informational sessions will be held from 7:00 – 8:30 p.m. at the Whittaker Road branch located at 5577 Whittaker Road in Ypsilanti.

Tuesday, August 21st
Monday, August 27th

HighScope is an active learning approach for classroom instruction. In active learning settings, adults expand children’s thinking with diverse materials and nurturing interactions. Each classroom is organized into centers and workshops to meet the needs of all students’ academic and social needs.

Bishop Elementary offers a variety of classroom options including multi-age classrooms where different aged students are combined into the same classroom, looping classrooms where students will attend a single grade classroom in which a teacher spends two years with the same group of students, and Spanish immersion (currently Kindergarten and first grade only) where the language of instruction will be Spanish.

LMS WEB COMING FOR THE 2012-2013 SCHOOL YEAR

WEB (Where Everybody Belongs) is a middle school orientation/transition program that welcomes sixth graders and makes them feel comfortable throughout the first year of their middle school experience. Through this nationally-recognized middle school transition program, members of the eighth grade class are trained to act as positive role models, mentors, and leaders to help guide the sixth graders to discover what it takes to be successful in middle school. Schools have reported that the WEB middle school transition program has enhanced anti-bullying efforts, reduced discipline issues, and increased school safety, creating an improved school climate and a greater sense of connection for the whole school.

Lincoln Middle School is very excited to bring WEB into our school. Incoming sixth graders, look for more information about sixth grade orientation to be mailed to you during the summer. We look forward to seeing you there! For more information, visit the website www.theboomerangproject.com.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT
ANNUAL NOTIFICATION OF RIGHTS & DESIGNATION OF DIRECTORY INFORMATION

Each year the Lincoln Consolidated School District is required to give notice of the various rights accorded to parents or students pursuant to the Family Educational Rights and Privacy Act ("FERPA"). Parents and eligible students have a right to be notified and informed. In accordance with FERPA, you are notified of the following:

1. RIGHT TO INSPECT: You have the right to inspect and review substantially all of your education records maintained by or at the Lincoln Consolidated School District. This right extends to the parent of a student under 18 years of age and to any student age 18 or older.

2. RIGHT TO REQUEST AMENDMENT: You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if a designated official of the Lincoln Consolidated School District decides not to alter the education records according to your request. If no change is made to the education record after the hearing, you have a right to place a written rebuttal in the record.

3. RIGHT TO PREVENT DISCLOSURES: You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of the Board of Education to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

4. RIGHT TO COMPLAIN: You have the right to file a complaint with the United States Department of Education concerning the alleged failure of the Lincoln Consolidated School District to comply with FERPA. Your complaint should be directed to:
   Family Policy and Regulations Office
   Office of Management, U.S. Department of Education
   400 Maryland Avenue SW, Washington, DC 20202
   (202) 732-2057

5. RIGHT TO OBTAIN POLICY: You have the right to obtain a copy of the policy adopted by the Board of Education in compliance with FERPA. A copy may be obtained in person or by mail by contacting the office of the Superintendent.

6. RIGHT TO OBJECT TO RELEASE OF DIRECTORY INFORMATION: Generally, school officials must have written permission from the parent of a student or an eligible student before releasing any information from a student’s record. However, FERPA allows school districts to disclose, without consent, “directory” type information. The Board of Education of the Lincoln Consolidated School District has designated the following personally identifiable information contained in a student’s education record as “directory information”:
   • Student’s name
   • Address
   • Parent or guardian
   • Date and place of birth
   • Dates of attendance or grade placement
   • Participation in and eligibility for officially recognized activities and sports
   • Most recent educational agency or school attended by the student
   • Telephone number
   • Height & weight
   • Major field of study
   • Honors and awards received

Unless you advise the District that you do not want any or all of this information released, school officials may release the personally identifiable information it has designated as directory information. Upon such objection, this information will not be released without the prior consent of the parent or eligible student.

You have three weeks from the receipt of this notice to advise the District in writing of any or all of those types of information about the student you refuse to permit the District to designate as directory information. Parent/Guardian      Date
Welcome to the 2012-2013 school year! Again this year you will be receiving route information from your child’s building, along with their building and teacher assignments. The letters will work in conjunction with this booklet and are the most current routes as of August 3, 2012. All routes and times are subject to change as enrollment changes are received.

**CHILDCARE ARRANGEMENT FORMS**

If you had a Childcare Arrangement Form (Babysitter Form) on file at the end of the school year, your child will be scheduled on that bus route until a new request is made to the Transportation Department. You will need to complete a new form if you have changed childcare providers or are no longer utilizing a sitter. Childcare Arrangement Forms can be picked up from the Transportation Department or your child’s school office.

For your convenience the transportation hot line is updated twice a day. The line will inform you of any school closings, school delays, road closures, or late buses during the school year.

**Transportation Hot Line:**
(734) 484-7000 ext. 6041

**Finding Your Bus**

To find your child’s bus pick-up location, find the section that applies to your student(s) -- Secondary, Elementary, Childs -- and then find the number and address nearest your home. Because many buses may pick up on the same road, please check the list carefully. You will find the approximate pick-up time by the address nearest your home.

**Kindergarten Busing**

For your child’s safety, a parent/guardian or appointed emergency contact person (must be on the emergency card) must be at the bus stop to pick up your kindergarten student every day.

**Childcare Arrangement Forms**

Childcare Arrangement Forms are available at the Transportation Department or in your child’s school office. Forms can be completed and/or dropped off at the Transportation Department between the hours of 8:00 a.m. and 4:00 p.m. There could be up to a two (2) week delay in processing the forms at the start of the school year.

**Bus Stop Change Request**

Requests for a bus stop change can be made on a Concern/Complaint Form available in the Transportation Office. All requests will be researched and you will be notified of the results within thirty days of the request. Please be aware that all requests must meet the criteria for change and are not automatically honored.

**Bus Stop Criteria**

For more information on Public Act 187, the list of criteria used to establish bus stops, or frequently asked questions and answers, please visit the Michigan Department of Education web site at www.michigan.gov/mde.

**PLEASE NOTE**

Times are approximate and are subject to change. Please be patient, especially for the first couple of weeks of school. Pick-up times could vary as much as 15 minutes, especially early in the year. Times will improve and changes will be implemented if needed.

Lincoln School Song
(Alma Mater)
Lincoln High, our "Alma Mater"
When we are all far a-way.
To your school we'll sing our praise
When our voice to thee we raise.
Rising high above all others
This is our flag of blue and gray.
Lincoln High our "Alma Mater"
Growing stronger day by day.

CONGRATULATIONS!
CLASS OF 2012
**LMA FAMILY READING NIGHT A “SOUP”ER SUCCESS!**

Lincoln Multi Age students, families and staff enjoyed a soup-themed evening of reading and dinner in celebration of National Reading Month in March.

Highlighting the affair was the revolving selection of soup-themed stories narrated by local celebrity guest readers. They included LCS Superintendent Ellen Bonter, LHS Principal John Dignan, Michigan State Representative, 54th District David Rutledge, Ypsilanti Township Supervisor Brenda Stumbo, LCS School Board President Kim Samuelson, Washtenaw County Sheriff Sergeant Thomas Pennington, Stony Creek Bead and Gallery owner Sue Schwartzenger and LHS theatre cast member and former LMA student Caleb Foote.

Dozens of varieties of soups and bread were donated from staff and local restaurants. Dinner sampling was delicious! Thanks again to Bayou Grill, Zoup!, Pearl River, Leo’s Coney Island, Zingerman’s, and Schwann’s.

Students at Souper Family Reading Night each received a free book and literacy pack from the Family Book Club of Washtenaw County and traded books through a Used Book Exchange. Local librarians Shannon Bovis (Ypsilanti District Library) and Sarah Zawacki (Milan Public Library) joined the fun with a library card sign up and resource station. The event concluded by raffling a plethora of items including book collections from the Scholastic Books and gift cards from Barnes and Noble, as well as the companies previously mentioned.

Stemming from the idea of one of our Middle House students, Souper Family Reading Night blossomed into a successful collaboration between our entire community and Lincoln Multi Age.

Breakfast @ Lincoln!

If there is a way to be less hurried in the morning, would you take advantage of it? If there is a way to improve your child’s grades, would you consider it worthwhile? Breakfast at school could be the answer!

Finding the time to fit a healthy breakfast into your child’s daily routine is probably just as difficult as fitting it into your own. Studies show that children who acquire the breakfast habit early are less likely to develop illness, while successful in maintaining a healthy weight, good grades, solid attendance, and overall performance.

Breakfast is available at all buildings within Lincoln’s district. The price is $1.20 and menus can be found at each school or on our website at lincolnk12.org under the Foodservice tab. If your children qualify for free or reduced priced lunch, they also qualify for free or reduced priced breakfast!

### ONLINE LUNCH ACCOUNTS

Parents may make online credit card deposits to student food service accounts using our secure food service website. Please note that there is a $2.00 fee per transaction to cover processing costs. One deposit may be split among more than one family member without incurring an additional $2.00 fee. Visa, MasterCard, and Discover cards are accepted.

A parent user name and password are needed to review your student’s account and to process a credit card deposit. To request a login and password please e-mail Jim Wonnell at wonnellj@lincolnK12.org. Include student name(s), parent name(s), and home address. Please allow approximately 48 hours for a reply. Your user name and password carry over to the current school year and it will continue to give you access to your child’s lunch account.

New applications must be completed every school year.

LINCOLN SPANISH IMMERSION PROGRAM BEGINS IN SEPTEMBER 2012

Lincoln Consolidated Schools has started an exciting new program to immerse students in the Spanish language while teaching the elementary curriculum. This program will begin in September 2012 as part of Bishop Elementary School’s multi-age program. The inaugural classroom will be a K-1 classroom and our intent is to add a classroom each year until we have a K-5 program. As the program grows, we will evaluate opportunities to expand Spanish offerings into middle school and high school.

Immersion teaches the same elementary school curriculum as any other elementary school classroom. The primary difference is that the language of instruction will be Spanish in this classroom. Specials and assemblies will remain English for these students. The Spanish Immersion students will also fully be a part of the multi-age Bishop Elementary School and will experience the High/Scope approach to curriculum delivery. One of the significant benefits of this type of program is that children are immersed in a second language when they can learn it naturally. Natural learning is how we learned our native language. It is the easiest way to learn a second language before our brains develop in such a way as to make second language learning much more difficult. Students in these programs develop a near native fluency that, when nurtured, can allow bilingualism to flourish.

The benefits of being bilingual have been studied a great deal over the past few decades. The benefits include:

- Positive effect on intellectual growth.
- Greater flexibility in thinking, better listening, more sensitive to language.
- Improved understanding of native language.
- Opportunities to meet new people.
- Understanding of other cultures and appreciation for differences.
- More prepared for high school and college.
- Improved job opportunities and salary potential.

Language immersion programs have been implemented around the country with excellent results. The programs are very popular and well-received in their communities. Many of the programs have waiting lists for new students. Several of these successful programs are in Michigan and we seek to emulate their success while understanding and meeting the needs of our Lincoln community. This type of program allows Lincoln to differentiate itself in a positive way in the county and in the region.

To learn more, attend a Bishop Elementary Library Information Night or contact Carol McCoy (mccoy@lincolnk12.org) or Jeremy Reed (mrjlreed@yahoo.com). Library Information Nights are on August 21 and 27 at 7:00 p.m. at the Whittaker Road Library Branch.

PowerSchool is only one of the tools available to parents to help you track how your children are doing. Of course we also all know grades are only part of the story when we look to understand how students learn. Real learning takes place as knowledge is applied.

PowerSchool is a software application Lincoln Consolidated Schools uses to track student demographics, schedules, attendance, and grades. High school and middle school teachers use PowerSchool to enter assignment scores and calculate quarterly and semester grades for progress reports and report cards.

The key benefit of PowerSchool to parents and students is its ability to allow you to track progress by viewing assignment scores, grades, and attendance records via the Internet.

For families with more than one student in grades 6-12, a unique username and password are provided on your student’s report card for access to each student’s information. Please keep your unique password confidential so only you can access this information.

To access PowerSchool open your web browser to www.lincolnK12.org and select the PowerSchool button on the right.

**Parent/Student Username:**
**Enter your Web ID**

**Parent/Student Password:**
**Enter your Password**

Allow teachers at least one week after an assignment has been turned in to enter the score into PowerSchool. However there may be times when more time is needed to grade large projects.

LINCOLN ATHLETICS: Frequently Asked Questions

Q: What must be turned in BEFORE participation in an athletic program?
A: Student/parent must have submitted to Athletic Office PRIOR TO TRYOUTS:
- Completed Athletic Physical form (must complete MHSAA form, which is available online at www.lincolnK12.org or in the Lincoln Athletic Office).

A: Student/parent must have submitted to Athletic Office PRIOR TO 1ST CONTEST:
- $140 High School or $100 Middle School athletic participation fee (payable to “Lincoln Athletics”). Fee can be paid online (www.lincolnK12.org) or in Lincoln Athletic Office.

Q: My child got a physical to play sports last year, and that physical was given in February of this year. Does that physical still provide coverage?
A: No, that physical will not work. The MHSAA requires that each student-athlete undergo a physical on or after April 15th of the previous school year. In order to participate in athletics during the 2012-2013 school year, your child must have undergone a physical on or after April 15, 2012.

Q: Is there a participation fee for Lincoln athletics?
A: Yes, the district has implemented a “pay-to-participate” program. The yearly cost will be $140 per high school student and $100 per middle school student, allowing the student to participate in as many sports as they choose during that school year. If the family has more than two students participating, the 3rd student (4th, 5th, etc.) is half price.

Q: Can the participation fee be waived if I am on free/reduced lunch?
A: If a student is on free/reduced lunch, his/her participation fee will be half of the original fee ($70 – HS/$50 – MS) once verification is received from the district. Parents can also volunteer to work athletic events to pay off any fees owed for their child.

Q: How do I proceed if I have concerns about a coach?
A: Step 1: Start with the source. The student should talk directly with the coach, in private, face to face, away from the practice site or game arena.

Step 2: Parent contacting the source. Contact the coach to talk directly, in private, face to face, away from the practice site or game area.

Step 3: If necessary, talk with the Athletic Director and the person who the difficulty involves.

Appropriate concerns for parents to discuss with coaches:
1. The treatment of your child
2. Ways to help your child improve
3. Concerns about your child’s physical health and welfare, academic progress, or violation of the code of conduct

Areas of control that belong to the coach:
1. Tryout procedures, team placement, team size, and selection criteria
2. Position(s) played, lineups, and playing time
3. Offensive and defensive strategies, play calling, and style of play
4. Practice plans, drills, and scrimmages
5. Coaching staff

Q: What type of commitment is necessary when playing for a high school team?
A: Student-athletes need to be aware that athletics require a commitment to the team. Coaches may allow a student-athlete to participate in another extracurricular activity, but the student-athlete must first consider what the impact will be upon the team. Participation in another activity can result in lost playing time or removal from the team.
