August, 2007

Dear Lincoln Community,

During the March 23rd professional development day this last school year staff attended a session entitled “High Hopes for No Putdowns: An Awareness Session on Bullying.” The session presenters were Theresa Abed and Patricia Williams. The purpose of the session was to raise the awareness of Lincoln employees of how bullying negatively impacts students and student learning. With the advent of the Internet, cyber-bullying, harassment and bullying now extends beyond the walls of the school and into the homes of students. For this reason it was important for schools to inform parents and encourage their assistance as we work together to find solutions that limit and prevent bullying inside and outside the school environment.

I encourage you to use the resources listed below and talk with your child/ren about what harassment is, how damaging it can be to others, and what to do if they feel they are being harassed. The safety of our students is our top concern as it is with our school board and political leaders in Lansing. Michigan legislators are currently working to formally require school districts to adopt and implement policies that prohibit harassment or bullying.

Unfortunately, not everyone takes bullying seriously, including adults. This is one of the main reasons that the Youth Expert Panel has worked alongside the representatives of the U.S. Department of Health and Human Services (HHS) and the Maternal and Child Health Bureau (MCHB) to develop the “Take A Stand. Lend A Hand. Stop Bullying Now!” campaign.

COLLEGE DOORS OPEN TO LINCOLN STUDENTS

Lincoln Consolidated Schools is one of four public school districts involved in the development of the Early College Alliance Allied Health and Medicine Program at Eastern Michigan University (ECA @ EMU). This program will allow successful students to:

• choose an early college high school program while remaining an LHS student
• explore careers in the fastest growing job sector--health and medicine
• earn college credit while still in high school, at no additional cost
• graduate from high school with a diploma and up to 60 college credits
• attend classes on a university campus with high school support
• learn in a college environment that fosters maturity and academic growth
• gain strong skills and credentials for college entrance

LCS administrators and staff have been working closely with the Washtenaw Intermediate School District and EMU to ensure the smooth launch of this program. The format builds on the successful Regional Career Technical Center framework, a four-district collaboration of Lincoln, Ypsilanti, Willow Run, and Whitmore Lake schools. Sophomores interested in the ECA at EMU for 2008 should visit the web site www.earlycollegealliance.org or contact a counselor at the High School.

PROJECT LEAD THE WAY IS COMING TO LINCOLN SCHOOLS

Richard Schaffner, Curriculum Director

Over the last few months the Curriculum Director, along with the Technology Director and the Middle School Principal, have been working with EMU to bring a new cutting-edge program to Lincoln Middle School with hopes for expansion to Lincoln High School and the elementary schools. Project Lead the Way is a non-profit organization that has developed a series of engineering courses that span from elementary all the way to high school. Each course is designed to get students interested in engineering, mathematics, and science. These rigorous courses bring relevance to mathematics and are designed at getting underrepresented populations interested in the field.

The Curriculum Director has been meeting with EMU, Toyota, the Society of Manufacturing Engineers, and Dassault/Delmia Corporation and they are getting closer to meeting their goal of a second semester start date for Lincoln Middle School. Teachers Diana Hinderer, March Wells, Cindi Adcock, and Bruce Breilein went through the rigorous two week training, and will be ready to teach the course as soon as the funding is secured for the resources. The Curriculum Director has received grant assistance from the Redies Foundation and hopes to have the additional funding in place in the next couple of months. For more information about the program or suggestions on foundations to assist in the funding process, contact the curriculum office at (734)484-7000 ext. 7658.

HIGH SCHOOL GRADUATION RATE CALCULATION CHANGES TO COMPLY WITH NO CHILD LEFT BEHIND

John McGehee, Director of Technology

The new high school graduation requirements “on time” calculation is a “pure cohort” methodology. In simple terms graduates will be defined as those students who graduate “on time” with their cohort group. Students who do not graduate within four years after entering ninth grade will not be counted as a graduate in any graduation rate calculation. For example, if a student enters ninth grade in the fall of 2008 and does not graduate on or before June 2012, that student can not be counted as a graduate in any graduation rate calculation. In the past high schools could count students as graduates no matter what year they graduated.

Is this change in methodology a good thing for Lincoln? Yes. It provides an added incentive for students to earn sufficient credits to stay on target to graduate in four years.

How will the change in graduation rate calculation impact Lincoln schools? Initially we will see a slight decrease in Lincoln’s AYP/EdYes high school graduation rate. Since high school graduation rates are commonly used as a measurement of a school’s success, we must be diligent in ensuring students keep pace with their cohort group and graduate on time.

What can the district and parents do to help improve our high school graduation rate? First, we must raise the students’ level of awareness. If a student finds themselves struggling in a class, s/he should seek help immediately. Second, parents and students must be notified immediately if a student shows signs of falling behind by missing assignments or performing poorly on quizzes or tests. Third, we must implement a system of early intervention to provide students additional resources for help. Resources must be made available to ensure student success. Fourth, students who are unable to keep pace with their graduating class and do fail a class will need opportunities to recover those credits so as to graduate on time. Finally, we need to convince students that there is a support network of concerned parents and caring teachers in place to catch them when they fall. Together we can continue to offer the children of our community a quality education that provides them the resources necessary to ensure their success.

LINCOLN WEB ADVISORY TEAM

Lincoln Consolidated Schools has redesigned the district website. We’re looking for community volunteers to serve on the Lincoln Web Advisory Team. The advisory team will provide guidance and advice to the district on matters related to the website, including design, training, and promotion of the site.

If you are interested, please contact Vicki Coury at 734.484.7000 ext. 7121 or couryv@gw.lincoln.k12.mi.us.
LINCOLN EARLY CHILDHOOD SERVICES

The Early Childhood Center, located in Model Elementary School, offers a range of comprehensive services for children from birth through age 5. The center utilizes a model that emphasizes that parents are a child’s first, best, and most influential teachers.

The Early Childhood Center also includes classrooms for Michigan Readiness, Early Childhood Developmentally Delayed, and the integration of Lincoln’s Early–On Program with First Steps Washtenaw. The goal of the center is to establish a primary prevention community available to all families living in the Lincoln community. Through strong parental involvement, the Early Childhood Center is an avenue promoting the improved social, cognitive, and physical growth of young children in our community.

Pre-School

We are now accepting applications for the 2007-2008 pre-school program. Children who will be 4 years of age by December 1, 2007 and meet income guidelines are eligible. For eligibility information, contact the Early Childhood Center at 484-7070.

First Steps Washtenaw

Enrollment for the First Steps Washtenaw program is ongoing. This program offers play groups for children birth through age 5. Families enroll in First Steps when they attend their first playgroup session. Call the school office for the schedule.

Any parent or guardian with concerns about their child’s development are encouraged to contact the Lincoln Early Childhood Center at 484-7070.

**Michigan Prevents Prodromal Progression (MP3) Early Intervention Program**

A message of the Washtenaw County Department of Community Health

We would like to let you know about a new cutting edge program in Washtenaw County that will help young people who are at risk for developing a mental illness. Adolescent development can be such a confusing time for young people. Therefore, severe mental health symptoms can be passed off as “just a phase”. We know that parents, school staff, teachers, and peers are the primary identifiers of early warning symptoms or changes in a young person’s thinking, emotions, and behaviors. Now, we are offering a program called Michigan Prevents Prodromal Progression (MP3) which is designed to prevent mental illness through early detection and treatment for those aged 12-25.

The MP3 Early Intervention Program offers phone consultation, assessment, education for professionals, parents and students, crisis management, monitoring, individual, family and multifamily groups and medication therapies. This program presents an opportunity for community members to help students at risk get help before it is too late. For consultation or to schedule presentations please contact us. Don’t ignore the symptoms; we are here to help. Call (734) 434-2630. Learn more at www.preventmentalillnessmi.org.

Michigan Prevents Prodromal Progression (MP3) is a treatment research program providing assessment and services for young people in the Washtenaw County area. For alternative services contact Washtenaw County Access at 1-800-440-7548 or local 734-544-3050. If you are in crisis or need immediate attention, call 911 or Psychiatric Emergency Services (PES) at 734-996-4747.

HARASSMENT AND BULLYING IN SCHOOLS

MIND-BOGGLING FACTS

By the time a child is 15 years old, he or she has heard 100,000 putdowns; and for every negative idea, a child needs twelve positive comments to balance it.

More than 3 million students are victims of bullying each year, according to the American Medical Association.

BULLYING MYTHS

Bullying is mainly a boy thing. Using rumors, gossip, manipulation of friendships and social isolation, most girl bullies fly underneath the radar of adults in the school.

Bullying is just a developmental stage. Some excellent long-term studies prove that children who are bullies in the elementary school remain so into their adult life.

Bullying is no big deal. Research clearly shows that children who suffer this type of abuse are affected physically, mentally, emotionally, socially, and academically. Bullied children report a higher number of health-related concerns, such as depression, unhappiness, feelings of isolation, and lower grades and test scores. In extreme cases bullying can lead to acts of homicidal revenge, targeting schools for violence…Bullying is a big deal. The dramatic increase in school violence across the nation has not gone unnoticed.

Bullying happens when someone hurts or scares another person on purpose and the person being bullied has a hard time defending himself or herself. Usually, bullying happens over and over.

- Spreading bad rumors about people
- Keeping certain people out of a “group”
- Teasing people in a mean way
- Getting certain people to “gang up” on others

Bullying also can happen on-line or electronically. Cyber bullying is when children or teens bully each other using the Internet, mobile phones, or other cyber technology. This can include:

- Sending mean text, e-mail, or instant messages
- Posting nasty pictures or messages about others in blogs or on Web sites
- Using someone else’s user name to spread rumors or lies about someone

TRANSPORTATION

We would like to welcome you and your children to the 2007 - 2008 school year. On behalf of all the transportation staff we would like to thank you, as parents and community members, for all your support.

In an effort to make our routes more effective and efficient and to stay in compliance with legal requirements of Public Act 187, we are reducing the number of routes in some areas and buses will be filled to capacity. Some bus stops have been removed and walking distances have been increased. We appreciate your support and encourage your assistance in our endeavors to continue the transportation of our precious cargo, the children. For more information on Public Act 187 or the list of criteria used to establish bus stops, you may stop by the transportation office and pick up a copy or visit the Michigan Department of Education web site at www.michigan.gov/mde/.

Again this year you will be receiving route information from your child’s building along with their building and teacher assignments. The letters will work in conjunction with this communications booklet and will serve as the most current notice of any possible additions or changes to routes as of August 3, 2007. All routes and times are subject to change due to the large number of new enrollments we are receiving on a daily basis.

Listed in this issue of The Communicator are bus numbers and drivers’ names for the 2007 – 2008 school year. This list is divided into five parts: Secondary, Elementary, Childs, Multi-age (Bessie Hoffman), and Kindergarten. Please be aware that the times are approximate and are subject to change. Please be patient, especially for the first couple of weeks of school. Pick-up times could vary as much as 15 minutes, especially early in the year and during construction of the bridges on Whittaker Road. Times will improve and changes will be implemented if needed.

If there is a need to request a bus stop change, please put your request on a Concern/Complaint Form available in the transportation office. All requests will be researched to determine the need for a change and you will be notified of the results within thirty days from the time the request was received. Please be aware that not all requested changes are automatically honored. They must meet the criteria for a change.

Remember, A.M. Kindergarten will ride to school in the morning on their respective elementary buses, and P.M. Kindergarten will ride home on their respective elementary buses. Please remember that a parent/guardian or appointed emergency contact person (must be on the emergency card) must be at the bus stop to pick up your kindergarten student every day.

Find the section of the booklet that applies to your student(s), Secondary, Elementary, Childs, Multi-age (Bessie Hoffman), and then find the number and address nearest your home. Because many buses may pick up on the same road, please check the list carefully. You will find the approximate pick-up time by the address nearest your home. School office staff will be available after August 23, 2007 for any assistance needed.

We have provided a transportation information line, which is updated twice a day for your convenience. Please dial (734) 484-7000 extension 6041, and the line will inform you of any school closings, school delays, road closures, or late buses during the school year.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

ANNUAL NOTIFICATION OF RIGHTS AND DESIGNATION OF DIRECTORY INFORMATION

Each year the Lincoln Consolidated School District is required to give notice of the various rights accorded to parents or students pursuant to the Family Educational Rights and Privacy Act ("FERPA"). Parents and eligible students have a right to be notified and informed. In accordance with FERPA, you are notified of the following:

1. **RIGHT TO INSPECT:** You have the right to inspect and review substantially all of your education records maintained by or at the Lincoln Consolidated School District. This right extends to the parent of a student under 18 years of age and to any student age 18 or older.

2. **RIGHT TO REQUEST AMENDMENT:** You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if a designated official of the Lincoln Consolidated School District decides not to alter the education records according to your request. If no change is made to the education record after the hearing, you have a right to place a written rebuttal in the record.

3. **RIGHT TO PREVENT DISCLOSURES:** You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of the Board of Education to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

4. **RIGHT TO COMPLAIN:** You have the right to file a complaint with the United States Department of Education concerning the alleged failure of the Lincoln Consolidated School District to comply with FERPA. Your complaint should be directed to:
   - Family Policy and Regulations Office
   - Office of Management, U.S. Department of Education
   - 400 Maryland Avenue SW, Washington, DC 20202
   - (202) 732-2057

5. **RIGHT TO OBTAIN POLICY:** You have the right to obtain a copy of the policy adopted by the Board of Education in compliance with FERPA. A copy may be obtained in person or by mail by contacting the office of the Superintendent.

6. **RIGHT TO OBJECT TO RELEASE OF DIRECTORY INFORMATION:** Generally, school officials must have written permission from the parent of a student or an eligible student before releasing any information from a student's record. However, FERPA allows school districts to disclose, without consent, "directory" type information. The Board of Education of the Lincoln Consolidated School District has designated the following personally identifiable information contained in a student’s education record as "directory information":
   - Student’s name
   - Picture
   - Date and place of birth
   - Dates of attendance or grade placement
   - Participation in and eligibility for officially recognized activities and sports
   - Most recent educational agency or school attended by the student
   - Address
   - Honors and awards received
   - Height & weight
   - Major field of study
   - Telephone number
   - Parent or guardian

Unless you advise the District that you do not want any or all of this information released, school officials may release personally identifiable information which it has designated as directory information. Upon such objection, this information will not be released without the prior consent of the parent or eligible student.

You have three weeks from the receipt of this notice to advise the District in writing of any or all of those types of information about the student which you refuse to permit the District to designate as directory information. Your objections should be addressed to the respective building principal. Completing this form will provide written notification to the District and this information will not be released without the prior consent of the parent or eligible student.
