MESSAGE FROM THE SUPERINTENDENT

In the spring, the Lincoln community passed a $35 million bond to address technology and critical facility needs. Over the summer, visible, concrete work started on several bond projects including new band equipment, renovations to accommodate the Lincoln Multi-Age move onto campus, and replacing the asphalt that has deteriorated throughout the district, with full replacement planned for next summer. Also over the summer, several behind the scenes activities were completed, which started laying the groundwork for upcoming projects. Several professional partners have been brought on board including the architect, contractor, and the technology design firms. Over the past several months, members of those firms, in conjunction with Lincoln staff, have walked through every room in the district assessing our infrastructure and developing plans to complete several projects during summer 2011. Some of those plans include a new VoIP phone system, network upgrades, district-wide wireless access, asphalt replacement, building renovations, and new classroom computing devices.

As we look at new technology, we are excited to have several classroom teachers begin piloting portable instructional tools such as; Macbooks, Netbooks, iPads, and iPod Touches in their classrooms. Teachers at all grade levels are participating in this pilot. We are implementing a variety of projects K-12 to determine which tools best meet the needs of our students, then this information will be used to drive our technology bond purchases. This core group of teaching professionals has also signed on to become our team of internal technology trainers and coaches to assist in implementing new classroom technology district-wide for the 2011-2012 school year.

As we utilize these bond funds, it is very important that we always keep what is best for our students at the forefront. I’m very excited about being able to provide our students with a safe environment that allows us to provide the experiences and tools to prepare them for the future.

ON THE COVER:
This month in Mrs. Angel’s art class, second grade students from Mrs. VanHevel’s class at Brick were hard at work creating their “Dream Tree Houses.” The students were asked to draw, color, and paint their ideal tree house. Many students chose to include pools, swirly slides, skate parks, movie theaters, restaurants, and so on. The tree houses were done with watercolor pencil and tempera paint.

LINCOLN EARLY CHILDHOOD SERVICES

The Lincoln Early Childhood Center offers a range of comprehensive services for children from birth through age five. The center utilizes a model that emphasizes that parents are a child’s first, best, and most influential teachers.

The Early Childhood Center also includes classrooms for Great Start Readiness Program (pending state funding), Early Childhood Developmentally Delayed, and Lincoln’s Early On Program. The goal of the center is to establish a primary prevention community available to all families living in the Lincoln community. Through strong parental involvement, the Early Childhood Center is an avenue promoting the improved social, cognitive, and physical growth of young children in our community.

Pre-School

Lincoln offers two different pre-school programs. Students for these programs must be four years old by December 1st and reside in the Lincoln School District. Great Start Readiness Program (GSRP) is a grant-funded pre-school program. Eligibility for this program is based on household income and a child’s “risk factors.” For more information on this program please call the Early Childhood Office at 484-7070. This program is tentative pending state funding.

Lincoln also offers a tuition-based pre-school run by Bemis Farms, and located at Redner Elementary. For more information on this program please call 484-7000, ext. 7411.

BUSINESS CLASSES COMING TO LINCOLN HIGH SCHOOL

Over the last few months, Rick Schaffner, Executive Director of Curriculum, and John McGehee, Lincoln High School Principal, have been working with representatives from Cleary University to develop a dual enrollment partnership that will bring online business courses to Lincoln High School students. Pending approval by the Board of Education in November, the hope is to begin a pilot course for second semester that will run out of the LHS Media Center. Interested students would attend an informational meeting that will be set up through the counseling office in the next few weeks. A representative from Cleary University will explain the potential pilot courses and obtain feedback from the students as to which they would like to see us run first. Once the initial course is determined and the Board of Education approves the program, students could then begin enrolling in December.

We are excited about the opportunity to begin offering business classes at Lincoln High School, as this has been an area for many years where students and parents have asked for courses. Students taking this course will be able to obtain college credits and an elective credit towards their graduation. The hope is that if the pilot goes well, additional course offerings could be added in the future making this a comprehensive business program. Stay tuned for more details as plans are finalized. Potential pilot courses include: EMM 150 - Introduction to Event and Meeting Planning, MKT150 – Enterprise Marketing, MGT 150 – Introduction to Business, or FIN 175 – Personal Finance.

Click on the Food Service tab and you can find monthly menus, policy updates, and helpful information about the program and nutrition, as well as links to websites to get more information regarding school meals and healthy lifestyles. You can also check your student’s lunch account balance, make a deposit, and see what they have been purchasing at breakfast and lunch.

**LINCOLN FOOD SERVICE PROCEDURES**

The computer software used by the Food Service Department tracks deposits and food purchases. It is important that your student use only his/her lunch account. Sharing accounts is not allowed. Middle school and high school students will be required to show school ID before charging to his or her account. Deposits may be made in any amount, but no change is given.

Students not eligible for free meals are expected to maintain a positive balance in their food service accounts in order to purchase breakfast, lunch, or a-la-carte items. If they do not have money in their accounts, they are expected to bring lunch from home. Students are given numerous verbal and written reminders if their account balance is nearing zero.

**FREE & REDUCED LUNCH**

Free and reduced-price meals are available to qualified families. Eligibility is based on family income and size. If you think you may qualify, please fill out one application per family and return to any school office or mail to Lincoln Consolidated Schools, 8970 Whittaker Road, Ypsilanti, MI 48197. Applications are also available on our website at www.lincoln.k12.mi.us, under the Food Service tab. Applications will be accepted at any school building, but please mark Business Office on the envelope to ensure prompt delivery.

If you received benefits at another school district, you will not be eligible for free or reduced meals at Lincoln Schools until an application has been processed and approved. You may apply for free and reduced-priced meals at any time during the school year. If you are not eligible now but later have a change of circumstances such as a decrease in household income or an increase in household size, you may complete an application at that time.

New applications must be completed every school year.

**ONLINE LUNCH ACCOUNTS**

Parents may make online credit card deposits to student food service accounts using our secure food service software. Please note that there is a $2.00 fee per transaction to cover processing costs. **GIRLS ON TRACK AT LINCOLN MIDDLE SCHOOL!**

Girls on Track of Southeastern Michigan is a non-profit after-school program for sixth through eighth grade girls. We use the power of running to help prepare girls for a lifetime of self-respect and healthy living. The character-building program focuses on building self-esteem, confidence, and improving physical and emotional health. Over the course of a 10-week season, our volunteer coaches teach life-skills lessons such as handling bullies, dealing with body image and the media, making healthy decisions, and contributing to the community. Along the way, the girls in the program train together to run in a 5K (3.1 mile) run.

This season participants will participate in The New Balance Girls on the Run 5K event on Sunday, November 21st at the Ellen Thompson Women’s Health Center in Ypsilanti. Young girls aged 8-14 will celebrate their “girl power” by running or walking 3.1 miles together with their parents, teachers, and community members. The New Balance Girls on the Run 5K series, with more than 85 events across the United States and Canada, is the second largest 5K race series in the nation. This event is open to the public and is a non-competitive, celebration 5K. Our girls, along with Coach Roeder, Coach Nikki, and Coach Goerlitz, are working hard to prepare. Everyone who crosses the finish line is a winner! Log onto www.girlsontherunsemi.org to find out more about how to register a participant, volunteer, become a sponsor, or donate. Contact Jennifer Kennedy 484-7000 ext. 2003 with any questions.

**FRESHMAN FOOTBALL TAILGATE**

On September 30th, a group of freshman mentors known as the Link-In Crew threw a freshman football tailgate. Over 150 freshman and upperclassmen mentors participated in this social activity. Food was provided, signs were decorated for the game, and mentors were able to check in with their freshman in a non-academic setting. Events like this will occur throughout the year.

**KINDERGARTNERS LEARN TECHNOLOGY IN DESIGN**

Kindergartners are learning about structures by using the design process in Technology. They think of an idea, then they build it. The structure is tested for strength. Children then have a chance to improve on their designs.

**REDNER STUDENTS TAKE ON TECHNOLOGY**

Redner first grade students constructed models and documented their work in journals and on the computer. Fourth grade students learn about principals of flight making and launching bottle rockets. Third through fifth grade students began the year by “Layin’ Track,” a problem-solving activity based on the TV show “Minute to Win It.”
MODEL STUDENTS CAUGHT BEING RESPECTFUL, RESPONSIBLE, AND SAFE

The students at Model Elementary started the school year by learning about the three school rules: Be Respectful, Be Responsible, and Be Safe. All classes went on an Expectation Exploration by going to different stations around the school. In the cafeteria, they practiced being polite while sitting at the lunch table. In the lobby, Mrs. Aldridge spoke to them about being patient and quiet when entering the office and how important it is to always tell the truth. In the bathrooms, students were reminded to respect the privacy of others and to always wash their hands. Students practiced walking quietly down the hallways, taking turns on the playground equipment, and holding the door for others. Each week, Model students practice a new rule or responsibility and can hopefully receive a “Caught Ya” card when they are caught following the rules. Cards are drawn from our butterfly jar every Friday and six students win Super Student status and a prize. Teachers are doing a great job reinforcing expectations in the classroom and “catching” students following those expectations.

CURSIVE NAME CREATURES

In Mrs. Angel’s fourth and fifth grade art students began the year using their name written in cursive to create a very unique creature. Mrs. Smith’s class had a great time designing these one-of-a-kind bugs, aliens, and animals. The students used watercolor pencils, colored pencils, markers, oil pastels, and crayons to add color to their creations.

HOW DO YOU LIKE THEM APPLES??????

Kindergarten classes at Model Elementary headed to the apple orchard to pick apples, enjoy cider and delicious homemade doughnuts, and learn how to make apple cider. Wasem Fruit Farm, a local favorite, hosted the students and showed them how apples are washed and sorted for market. They also invited classes into their gigantic refrigerator - brrrrrrr! Students picked apples and returned to school with them to make applesauce and use them for making apple print paintings. It is a great way to spend a beautiful fall day!

STUDENT’S FIRST PROJECTS

Attending a new school can be difficult and also fun. Waiting while mom and dad sign you up can be boring with all the paperwork they have to fill out. To make our newest students feel welcome the Business Office staff asked the children to draw a picture to make their mark on Lincoln. The Business Office and the entire Lincoln Consolidated School District would like to welcome you here and hope you will have many wonderful memories of your time at Lincoln.
Mr. Wright was born in Detroit, MI 66 years ago, the seventh son of nine boys and three girls, to the union of Charlton Thomas Wright and Roxie Lee Wright who preceded him in death. Mr. Wright moved with his parents from Detroit, MI to the small village of Whittaker, MI when he was nine years of age. In his youth, Sidney enjoyed singing, cooking, organizing softball games, track, and other sporting events on the family’s front lawn, in which he truly enjoyed the competition and winning.

At Lincoln in junior high he met Mr. McCormick who began to mold and shape his athletic ability as a mentor to him and his brothers. He excelled in track, football, and basketball in high school, often walking to school to attend practice with his brothers and friends. Sidney excelled in track and field which later became his passion. Once after a high school track meet the sporting page read, “Wright Brothers Fly High.” Graduating in 1963, he enrolled at Tennessee State to concentrate on running and physical education, health and management, with his sights set on trying out for the Olympic as a runner; however, an injury in football cut short his running career. He returned home and enrolled at Eastern Michigan University as a full-time student while working full-time at Ypsilanti State Hospital and assisting at Lincoln Consolidated Schools. Upon graduation from college in 1969, he was hired as Lincoln’s football coach, eventually becoming the track coach. Mr. Wright later received his master’s degree from Eastern Michigan University. Sid expected respect and gave respect, sought out the best with whomever he came in contact. He felt that there was good in everyone and desired not to see anyone suffer or go without.

Mr. Wright spent forty years at Lincoln Consolidated Schools where he mentored others. He was named coach of the year in 1984. The track and field facility at Lincoln is named after Mr. Wright. In 2008, Mr. Wright was inducted into the Michigan Track and Field Coaches Association Hall of Fame. Mr. Wright retired in 2009.
Following are just a few of the hundreds of memories posted on a Facebook page created by Lincoln Alumni Karen Grajczyk:

Wow! I wish he could’ve lived forever. I always tell people that admire my determination to be a champion that it came from Mr. Wright, my conditioning coach (wrestling), and gym teacher, who coached me as a freshmen and got me from JV to varsity by means of pure motivation because I had no prior training in wrestling at all. I cried when I lost my first few matches, and he walked up to me, and said “The reason you’re crying isn’t because you got your butt kicked, it’s because you won’t do what it takes to become a champion. And if you run your laps real hard, and push yourself even harder when you get tired and feel that pain in your side, you will have mentally begun the process of becoming a champion.” He was right. I was a champion and have been in everything I’ve done since. Favorite quote “If you don’t want to be a winner, get out of here because that’s all I do breed winners.” - Frank Palmer

Sid had such a positive impact on so many people throughout the years. There are many out there who were “redirected” along the right path by his caring ways. He touched so many in ways he never knew. Blue Skies and Tailwinds always my friend - Geof Bush

I love that Sid made me laugh all the time— he was always “Sid-licious” to me! I remember that he often asked if I ever went home. Ironic right? This from the man who was the first person you saw in the morning at Lincoln to the last face you saw at night, day in and day out. Sid IS Lincoln through and through. His contribution to the Lincoln District is unequaled and unbeatable. I will always remember Sid’s generosity, his kindness and compassion to children, the special moments that I was fortunate to share with him and especially Sid’s charity to those less fortunate. If we truly want to honor Sid’s memory, let’s all “pay it forward” because I believe that is how Sid lived his life every day. Love you Sid, you will be missed. Rest in Peace. - Kimberly Samuelson

Mr. Sid Wright will be missed greatly! I remember him riding around in the golf cart and every time I would act like he ran me over and then he’ll just laugh and say “You shouldn’t have been in my way.” He would even give me a hard time at the door for open rec night.....lol. I think he just loved giving me a hard time. Even though he’s gone he will NEVER be forgotten. Love You Mr. Wright - Brittany Myree Williams

Sid Wright was a remarkable man who touched the lives of generations of Lincoln students. A true educator he worked diligently to help students in the Lincoln community succeed at school and in life. The Lincoln community has truly lost a trusted friend. God Bless your family and rest in peace Mr. Wright! - Diane Trosch

I worked for Mr. Wright while at LHS (80-84). Lot’s of great memories from back then. As a Lincoln parent and the president of our Little League I got to re-connect with him in recent years. Although he’d slowed down a little he was still the same Mr. Wright. Had to explain to a few Lincoln newcomers that he was not just some ornery old guy with an office that smelled like bacon but that he was a local icon that many people (young and old) respected. He will be missed but never forgotten - Mike Throne

Mr. Wright you are a legend sir, I will never forget the life lessons you instilled in me and so many before and after. You always demanded the best from us and never accepted anything less. - Andrew Van Tassell

LINCOLN ATHLETICS: Frequently Asked Questions

Q: What must be turned in BEFORE participation in an athletic program?
A: Student/parent must have submitted to Athletic Office PRIOR to tryouts:
   1. Completed Athletic Physical form (must complete MHSAA form which is available online at www.lincoln.k12.mi.us or in the Lincoln athletic office).
   2. $140 high school or $100 middle school athletic participation fee (payable to “Lincoln Athletics”). This fee can be paid online (www.lincoln.k12.mi.us) or in the Lincoln Athletic Office.

Q: My child got a physical to play sports last year, and that physical was given in February of this year. Does that physical still provide coverage?
A: No, that physical will not work. The MHSAA requires that each student-athlete undergo a physical on or after April 15th of the previous school year. In order to participate in athletics during the 2010-2011 school year, your child must have undergone a physical on or after April 15, 2010.

Q: How do I proceed if I have concerns about a coach?
A: Step 1: Start with the source. The student should talk directly with the coach, in private, face to face, away from the practice site or game arena. Step 2: Parent contacting the source. Contact the coach to talk directly, in private, face to face, away from the practice site or game area. Step 3: If necessary, talk with the Athletic Director and the person who the difficulty involves.

Appropriate concerns for parents to discuss with coaches:
1. The treatment of your child
2. Ways to help your child improve
3. Concerns about your child’s physical health and welfare, academic progress, or violation of the code of conduct

Areas of control that belong to the coach:
1. Tryout procedures, team placement, team size, and selection criteria
2. Position(s) played, lineups, and playing time
3. Offensive and defensive strategies, play calling, and style of play
4. Practice plans, drills, and scrimmages
5. Coaching staff

Q: Is there a participation fee for Lincoln athletics?
A: Yes, the district has implemented a “pay-to-participate” program. The yearly cost will be $140 per high school student and $100 per middle school student all allow the student to participate in as many sports as they choose during that school year. If the family has more than two students participating, the third student (fourth, fifth, etc.) is half price.

Q: Can the participation fee be waived if I am on free/reduced lunch?
A: If a student is on free/reduced lunch, his/her participation fee will be half of the original fee ($70 – HS/$50 – MS) once verification is received from the district. Parents can also volunteer to work athletic events to pay off any fees owed for their child.
