COME HOME TO LINCOLN CONSOLIDATED SCHOOLS!

Lincoln Consolidated Schools is a premier learning community, a pioneering pre-K through grade 12 system where your children will excel. Each of our elementary schools offer structured programs that meet a wide range of educational interests and unique student needs. Imagine your child's success within the school and program descriptions found in this brochure! The benefits to your child and to your family begin with the foundation of a strong, nurturing, and motivating Lincoln elementary school experience.

Welcome home to LCS!

EARLY CHILDHOOD CENTER

Model Elementa provides young children, as well as their caregivers, with the best possible start toward success not only in school but throughout life. The experienced staff at Model Elementary provides differentiated instruction, taking your child as far socially and educationally as possible. The curriculum focuses on the whole child not only academically, but also socially, emotionally, and physically.

EARLY CHILDHOOD CENTER
BIRTH - AGE 5

The Early Childhood Center (ECC) housed in Model Elementary, offers a variety of programs options for children birth to age five that are designed to meet the diverse and unique needs of the children and families in the Lincoln community. Some of the programs available to Lincoln families through the ECC include:

- Great Start Readiness Preschool
- Early Childhood Special Education Classroom
- Evaluation and Support Services

- Great Start Readiness Preschool
- Early Childhood Special Education Classroom
- Evaluation and Support Services

Childs Elementary follows a community-inclusive approach to education by preparing students for working in a diverse society through student engagement and collaboration. A variety of opportunities are provided beyond the classroom and well-rounded learners are developed in core areas through technology integration within the classroom. This is all accomplished with the support of an active PTO and strong parent presence.

Childs Elementary was established as a neighborhood school for nearby subdivisions. However, any family in the District may choose to attend Childs, with enrollment based on space availability.

Students completing Lincoln’s Spanish Immersion program at Bishop leave elementary school fluent and literate in Spanish and English.

EARLY CHILDHOOD CENTER
The ECC in Model Elementary provides a variety of programs including special education and support services. (pg. 6)

DISTRICT ACCREDITATION
Lincoln Consolidated Schools has been recommended for District Accreditation from the AdvancED Accreditation Commission and is now recognized across the nation as a quality school system.

COME HOME TO LINCOLN CONSOLIDATED SCHOOLS!
At Brick Elementary, students benefit from a curriculum focused on STEM (Science, Technology, Engineering, and Mathematics) education during the regular school day, as well as its before and after-school programming. A grant from the Michigan STEM Partnership will create a hands-on space that emphasizes science and mathematics. Brick Maker Space will feature 3D printers, 3D scanners, craft supplies, sewing machines, and hand tools. Guided tours are provided for this historical school by calling (734) 484-7031.

Bishop Elementary has a multi-age learning environment utilizing the High/Scope model of curriculum delivery. At Bishop, different aged students are combined into the same classrooms which are divided into grade-level houses: Lower (K-1), Middle (2-3), and Upper (4-5). Students have the opportunity to mentor younger students and be mentored by older students.

The High/Scope model of instruction focuses on self-directed learning and responsibility. The daily schedule is designed to accommodate individual needs and interests.

Utilizing a full immersion model, students in the Spanish Immersion program at Bishop Elementary are taught the same curriculum as students elsewhere in the school, county, and state. However, the language of the classroom is Spanish. As a result, students will naturally learn to read, write, and speak in Spanish.

Lincoln’s Spanish Immersion program is unique to Washtenaw County and one of only a handful in Michigan. For parents wanting to provide their children with additional skills in an increasingly global world, our program allows students the opportunity to leave elementary school fluent in Spanish and English.
