Young 5 Kindergarten

Starting school is a very exciting time for children and their families! It begins a new chapter in their lives and sets the tone for children's future. But kindergarten standards and curriculum have changed over the years, and many of the skills children were once taught in first grade are now expected in kindergarten. This can make the transition into kindergarten difficult for some children, and the youngest children entering the kindergarten classroom often struggle to adjust.

Young 5 Kindergarten Brochure
The good news is that Young 5 kindergarten is giving children an opportunity to learn in a hands-on, interactive way that supports their development while still maintaining the high standards of kindergarten.

Young 5 kindergarten is offered to children turning 5 years old between September 1 and December 1 to give them an opportunity to develop the social and academic skills and the confidence that will help them succeed in kindergarten and beyond.
